

ANAVIO

MICRO DOME CAMERA

5 MP resolution and AI-based analytics

Securely access this cloud-managed camera from anywhere and from any device. It features onboard analytics and built-in IR, and you can take advantage of new features via automatic updates.

GSA  NDAA  TAA 

LOW PROFILE DESIGN

This compact camera is just four inches in diameter, making it ideal for discreet, aesthetic installations like classrooms, reception desks, and administrative offices.

GET THE BIG PICTURE

The camera's 2.8 mm lens delivers a nice wide-angle view of the entire area for complete situational awareness, indoors or outdoors.

TAMPER-PROOF

The housing contains vandal-proof and impact-resistant components, and is equipped with the highest impact rating available.

SEE COLORS IN THE DARK

Starlight low-light technology lets you see colors in dark scenes, so you'll be able to accurately identify critical details like hair color, clothing color, etc.

MONITOR REAL-TIME EVENTS

The camera can detect motion triggered by a person and/or vehicle vs. motion triggered by things like shadows and swaying trees, so you can respond to genuine threats quicker.

FASTER INVESTIGATIONS

Object-based motion detection lets you filter out non-relevant video for faster incident resolution, and also reduces storage requirement.

THIS LOW-PROFILE, INTELLIGENT CAMERA OFFERS A NUMBER OF ADVANTAGES

Invisible IR delivers high-quality video—even in total darkness—from up to 49 ft (15 m) away

A variety of brackets to meet your unique mounting application

Lens ensures objects close to AND far away from camera stay in focus simultaneously

Integrated microphone lets you hear what's happening in the scene for additional intel

Store video on the camera for up to 60 days

Uses just a single Ethernet PoE connection

HERE'S HOW IT COMES TOGETHER

Install your camera and plug it into a PoE switch to power it up.

Connect the PoE switch to your router so you can access your camera via the cloud.

Your new camera is up and running and you'll see it in your Anavio portal.
